COOKIE POLICY FOR THE COOPERNICUS WEBSITBE (hereinafter: the "Website")

I.   Information about cookies.

1. The Website uses cookies, on web pages related to the functioning of Website.

2. Cookies files (so-called "cookies") are IT data, in particular text files, which are stored in the Website User's end device and are intended for use on the websites, including saving certain settings and data by the User's browser for exchange with our system. Cookies usually contain the name of the website from which they come, the time of their storage on the end device and a unique number. Acceptance of cookies is a prerequisite for using our websites. However, if you block the use of cookies, Website will only function with limited functionality. By storing these cookies, we can tailor our websites and our offerings to your preferences. This makes it easier for you to use the Website, for example by storing certain user data so that you do not have to enter it each time.

3. The entity placing cookies on the Website User's end device and accessing them is the Website Operator, i.e. Our Future Foundation with its registered office in Gdynia (81-512), at ul. Inżynierska 4, having Tax Identification Number (NIP) 5862352018, Business Identification Number (REGON) 385158300, entered in the register of associations, other social and professional organizations, foundations, and independent public health care facilities of the National Court Register under number 0000819607, whose registration files are located in the District Court Gdańsk-Północ in Gdańsk, 8th Commercial Division of the National Court Register, e-mail address: biuro@off.org.pl.

4. Cookies are used for the following purposes:

 a. creating statistics which help to understand how users of the Website use the websites, which makes it possible to improve their structure and content;

b. maintaining a session of the Website User (after logging in), thanks to which the User does not have to re-enter the login and password on each subpage of the Website;

c. profiling you in order to show you tailored content on advertising networks, in particular the Google network.

5. The Website uses two main types of cookies: "session" (session cookies) and "permanent" (persistent cookies). Session cookies are temporary files that are stored in the final device of the User until logging out, leaving the website or switching off software (web browser). "Permanent" cookies are stored in the User's end device for the time specified in the parameters of cookies or until they are deleted by the User. Permanent cookies (storage period from 1 month to 10 years) are stored on the hard drive of the User's computer and are automatically deleted after a certain period of time. These cookies are used to make our offer even more effective, safer and more user-friendly. These cookies make it possible to present you with information that is tailored to your interests. The sole purpose of cookies is to adapt our offer to your expectations in the best possible way and thus make it easier for you to navigate our website. There are also "analytical" cookies which collect information about the use of a given site, such as pages visited by a given user and any error messages; they do not collect information allowing to identify a user and the collected data is aggregated in such a way that it becomes anonymous. Analytical cookies are used to improve how a website works. Cookies can also be files 'functional'. 'Functional' cookies allow a website to remember any choices you make on pages (such as changing font size, customising a page) and enable services such as adding comments to someone's blog.

6. By default, the software used for web browsing allows placing "cookies" on your end device. These settings can be changed in such a way as to block the automatic handling of

cookies in the settings of the web browser or inform on their sending to the user's device each time. Detailed information on the possibility and methods of using cookies is available in the software (web browser) settings. Restricting the use of cookies may affect some of the functionalities available on the Website.

7. Cookies placed in the Website User's end device and used can also be used by advertisers and partners cooperating with the Website Operator, e.g. in order to display personalised advertising.

8. Only pseudonymised data is stored in the cookies used by the Administrator. When a cookie is activated, it is assigned an identification number without assigning the user's personal data to this identification number. The user's name, IP address or similar user data that enables a cookie to be directly assigned to a user is not saved in the cookie. Using the cookie technology, we only obtain pseudonymous information, for example, which pages of our shop you have visited, which products you have viewed, etc.

9. The Website Operator may use the services of Google Analytics. According to the specified functionalities of Goolge Analitycs, cookies and the data contained therein may also be used for marketing purposes and the data contained therein may also be used for profiling. The operator of the Google Analytics Website is Google Inc., 1600 Amphitheatre Pkwy, Mountain View, CA 94043-1351 with its registered office in the USA. The user may refuse to consent to the collection of data relating to the use of information collected by Google Analytics, and to the processing of such data by Google, and may prevent such actions. In order to do so, download the browser add-on available here: tools.google.com/dlpage/gaoptout, and then install it.

10. Cookies may be used by advertising networks, in particular the Google network, to display advertisements tailored to your use of the Website. To this end, they may store information about the user's navigation path or the time spent on a particular page.

II.   Cookie management

1. There are settings in your browser that allow you to accept the storing of cookies only if you have given your consent. In this way, you can block the storing of cookies in the future. In order to accept the Administrator approved cookies, but at the same time block the use of third party cookies, you must select the "Block third party cookies" option in your browser settings. As a rule, you can find information on how to reject new and deactivate stored cookies in the menu bar of your browser via the help function

2. If you do not wish to receive cookies, you can change your browser settings. We warn that disabling cookies necessary for authentication processes, security, maintenance of user preferences may hinder, and in extreme cases may make it impossible to use the websites.

3. To manage your cookie settings, please change them in your browser settings.

4. The browser settings concerning cookies are important from the point of view of consent to the use of cookies by the Website - in accordance with the regulations, such consent may also be expressed through the browser settings.

5. Detailed information on how to change the settings for cookies and how to delete them yourself in the most popular web browsers is available in the help section of your web browser, e.g:

- in Chrome browser
- in Firefox
- in the Microsoft Edge browser
- in Opera browser
- in the Safari browser
